Comfort Home Care is a home health agency that specializes in caring for patients with two vital areas of need: traditional nursing services and care of acute and chronic mental health issues for adults. We work towards maintaining every patient's wellness and independence in the most appropriate day-to-day setting for them. We take a team approach based on a coordinated communication plan with caregivers and families. By customizing care in this way, we can be personal in our attention and dedicated to our goal of helping every patient live as full a life as possible while remaining at home. There is no other home health agency quite like us.
